Catholic Children's Society

Shrewsbury Diocese

We are committed to working with children and families, however they are constituted, regardless of their story, their beliefs or their lifestyles. We do this rooted in the Christian gospels which challenge us to build communities where every person matters and has value simply because they are there. Every one of us needs support at some time in our lives. Our services aim to be of such a quality that we would be happy to receive them ourselves.

Our work combats poverty and exclusion by developing supportive communities where children and families may:

- gain confidence where it has been lost
- develop skills
- make sense of change and difficult times
- contribute positively to their community
- be healthy and stay safe
- enjoy and achieve their potential
- achieve economic well-being
- have their say about their community

None of this can happen without your help. Please give us your regular support. Your donation can indeed make all the difference!
